

Quick Ship Program

Our Quick Ship program is designed for projects with aggressive deadlines. Customers can choose from four fabric selections for their Quick Ship projects. Additional fabrics are available in our standard shipping program. Contact our customer service for options and pricing.

Completed Projects

Devon Office Furniture has been providing quality cubicles for companies of all sizes for years. From start-up companies to companies like Better Business Bureau, Procter & Gamble, Frost & Sullivan, and more, we have what it takes.

Choose Your Setup

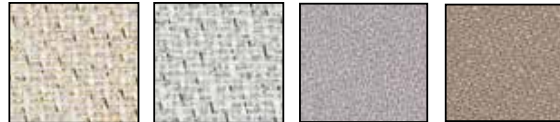

The **AXSYS 2** panel system is a monolithic panel system which is a clone of A02™. Our panels are manufactured with a fabric covered wood core panel, steel hanger frames, painted top cap, and a 5" wire management raceway with adjustable glides. All of our metal parts are powder coated for superior scratch resistance. Enhance your project with Devon Office Furniture Architectural Elements, including glass stackers and fabric covered stackers.

Pick A Work Surface Finish

Our worksurfaces are fabricated from a 1" thick particle board and are laminated on both sides in a thermally fused melamine finish.

Worksurface edges are finished on all sides with a color matched 2mm PVC edge banding. It is very durable and adds to the longevity of the surface.

Installations

We at Devon Office Furniture realize that cubicle installations should be as quick and easy as possible, which is why we bring our own team of expert installers so that you can focus on more important things.

Add Some Storage

Pedestals and Laterals

Devon Office Furniture uses a high quality pedestal and lateral file. Each features a ¾ extension slide on the box drawer and a full extension slide on the file drawer. Height adjustable leveling glides and adjustable file hangers are included to fit your filing needs. The pedestals and laterals are all finished with a high quality powder coating.

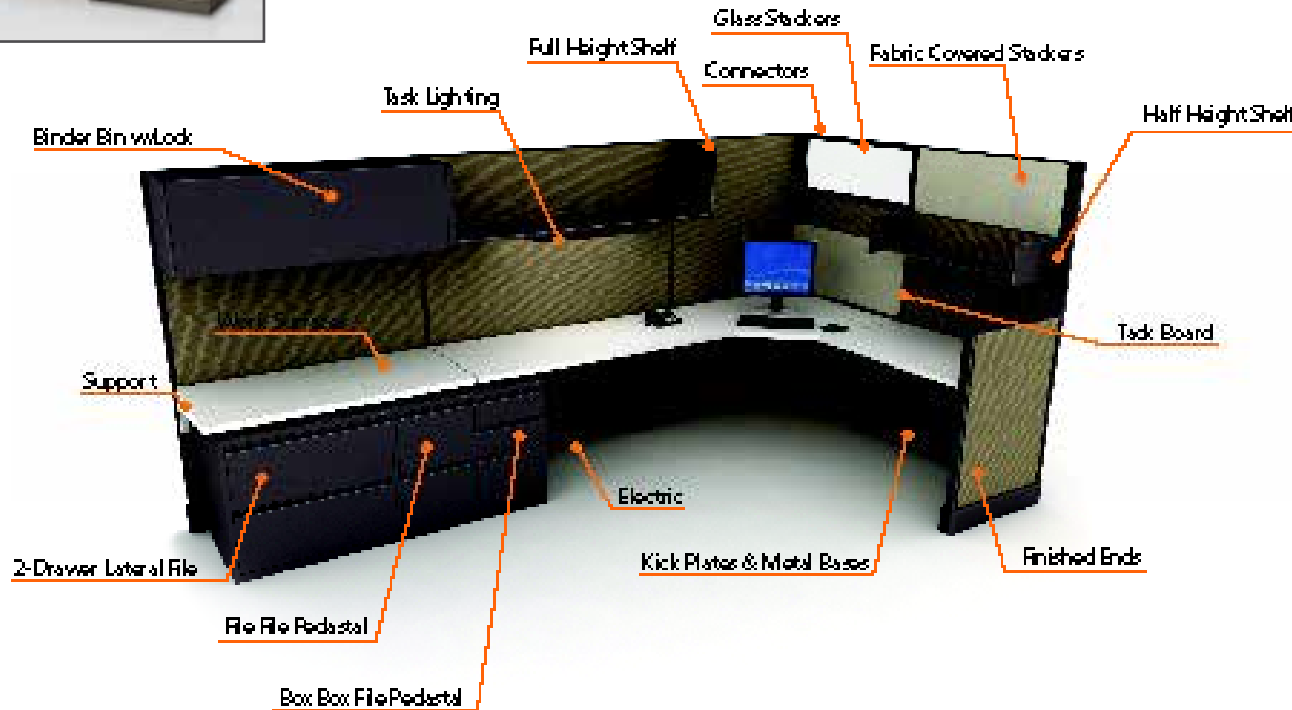

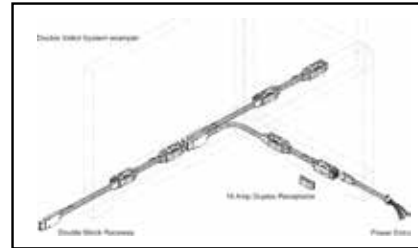

Overhead Storage

Painted shelf ends include a half radius edge. The painted metal shelf is ready to accept a task light. Our flipper door kit consists of a painted top cover, painted steel door front, lock and flipper hardware.

Power Up

Our electrical system is tested to insure the highest quality and reliability. It is UL listed and is approved for use in New York City. Our 8 wire, 4 circuit electric is easy to install and adapt to your needs. These features make our system very cost effective for installation purposes.

"We needed to expedite a pretty quick turnaround to get the new cubicles in, I started with the internet like a normal shopper, after a comparison of quality, price, and delivery of the type of furniture we wanted that met our standards, Devon Office Furniture.com won out."

- Ken Marsh, *Facilities Engineering Department*
Proctor & Gamble - Dover, DE

"Dear Devon Office Furniture Office Furniture: Thanks for a fantastic office furniture buying process. We recently expanded our business tremendously, and needed help moving into a new space. Your team was instrumental in helping us map out our work areas. I was also very pleased with your products - great pricing, easy to install, and they look sharp! Thanks again guys."

- Steven Acree, *Founder & Publisher*
American Lifestyle Magazine - King of Prussia, PA

"Devon Office Furniture....Before locating Devon Office Furniture on the net, I wasted days searching Southern California for used cubicles. What I saw were damaged odds and ends of old cubicles that would cost as much or more than the four cubicles I ordered from you. Delivery was prompt and the cubicles were new and very easy to install. We'll need more in the near future and I know the first company I'll be contacting...it's Devon Office Furniture!"

- Joseph Goldstein, *President*
